# Shopping Mania

## Scenario

It's your lucky day! You have been given exactly \$1,000 to spend however you wish. You can buy for yourself, your girlfriend/boyfriend, your mom, or even your teacher. The only stipulations are that you must spend all of the money, and you must buy a minimum of six different items. You have decided to use one of the most new and exciting ways to make your purchases . . . from the comfort of your own home on the Internet! Please keep in mind that all of your purchases must be appropriate for school.

1. Locate the sites below, or others you may be aware of, to begin your "Shopping-Mania" shopping spree.

2. Use the Shopping Mania worksheet to keep track of your possible purchases as you move from site to site. You must identify the items that you wish to purchase and submit the worksheet.
3. Create a PowerPoint® presentation that shows the items that you want to purchase and calculates the total amount you spent. Each item should be on a separate PowerPoint® slide.
