

_____ Name

1. Create a new HTML document and recreate the student information survey as shown in the screenshot below. Layout the screen exactly as shown using tables.
2. Use radio buttons for questions 1 and 3.
3. Use drop down lists for questions 2 and 8.
 (Number 2 should include the following ages 13 – 19)
 (Number 8 should include: Enroll in a 4 Year University or College, Enroll in a Technical College, Join the Military, Go Directly into the Workforce, Undecided)
4. Use checkboxes for question 4.
5. Use a textarea/text field for question 5, 6, & 7.
6. Use a drop down list for question 8.
7. Implement the submit button so that it emails the responses to an email account.
